- P E R S O N E L P R O F I L E

Recent Full-Stack Web and App Development Bootcamp graduate from WBS Coding School Berlin, with a well-rounded background in **concept development**, UX/UI design, and **sales management**. Driven by a passion for crafting **user-centric designs** and building **efficient, scalable solutions** that harmoniously integrate **frontend and backend technologies**. Proven ability to work effectively in **cross-functional teams**, solve complex problems, and adapt quickly to evolving technologies. Eager to leverage a unique blend of **technical expertise** and a **customer-focused mindset** to create engaging, intuitive, and high-impact web and app experiences.

- W O R K E X P E R I E N C E

Associate Concept Developer at adesso SE

- As an Associate Concept Developer,
- Conducted usability testing sessions with 50+ participants, gathering actionable insights that directly informed design improvements, enhancing overall user interaction and ensuring alignment with user needs and preferences.
  - Developed and iterated on 15+ design prototypes in Figma, incorporating direct user feedback that improved project alignment and resulted in a 25% reduction of revisions needed during the final development phase.
  - Developed and refined a portfolio of 10+ user-centered design projects, showcasing a strong alignment between aesthetics and functionality, which contributed to a 15% decrease in support inquiries related to navigation issues.
  - Figma:** Spearheaded the creation of 8 interactive prototypes using Figma, facilitating user testing sessions that gathered feedback from over 50 participants; insights directly led to a redesign which improved overall usability ratings by 40%.
  - Miro:** Developed and executed a comprehensive design review process utilizing Miro for collaborative brainstorming; this initiative resulted in identifying key design flaws across three major projects before launch, reducing rework time by approximately six weeks.
  - SCRUM (JIRA & Confluence):** Managed end-to-end sprint cycles using JIRA and Confluence, ensuring transparent task tracking and consistent progress across cross-functional teams. Led daily stand-ups, sprint planning, and retrospectives, improving team velocity by 25% over three months. Utilized Confluence to document and centralize project insights, enabling a 15% reduction in onboarding time for new team members.

Januar 2023 - August 2024

# RADHAKRISHNAN SIVAPALAN

– W O R K   E X P E R I E N C E

April 2022 - Dezember 2023

UX / UI Designer Trainee at adesso SE

- As a UX/UI Trainee,
- I Crafted intuitive interfaces for web applications that supported a more streamlined user experience, resulting in a reduction of user onboarding time by 25%, facilitating quicker adoption of new features
  - Translated user feedback from 15+ focus groups into actionable design strategies, developing five prototypes that enhanced engagement and led to a measurable increase in user satisfaction ratings by over 25%.
  - and refined my skills in conceptual design and problem-solving, developing a strong passion for aligning usability with design. My experience in creating user-centered designs directly complements my full-stack development expertise, allowing me to build intuitive and visually appealing web applications.
  - **Figma:** Wireframes, Designing high-fidelity prototypes and interactive interfaces.
  - **SCRUM (JIRA & Confluence):** Managing projects and documentation using Agile methodologies to enhance team collaboration and workflow efficiency.
  - **Adobe Photoshop, Premiere Pro & Illustrator:** Crafted and refined over 50+ unique visual assets across Adobe Photoshop, Premiere Pro, and Illustrator; enhanced brand consistency by aligning designs with market trends identified during user research sessions.
  - **Blender:** Developing 3D models and immersive visual elements.

August 2017 –April 2022

Transition and Personal Development

- Relocated to Germany and successfully integrated into the local culture and environment.
- Attained proficiency in the German language through dedicated learning, reaching a professional working level.
- Engaged in self-directed learning, focusing on User Interface (UI) and User Experience (UX) design, enhancing skills in preparation for transitioning into the tech industry.
- Prepared for the job market by building a strong foundation in design principles and gaining relevant knowledge, culminating in securing a role at Adesso Dortmund in April 2022.

Januar 2015 - Juli 2017

Sales Manager bei Signmax Qatar LLC.

- Managed strategies that attained 20% revenue growth and expanded customer satisfaction, boosting retention by 15%.
- Implemented process optimizations, eliminating inefficiencies and reducing costs by 8%.
- Enhanced collaboration and resolved bottlenecks, improving efficiency by 10%.
- Persuaded stakeholders, fostering long-term client relationships and increasing repeat business by 25%.
- **Microsoft Office:** Utilized Microsoft Office to deliver presentations and improve stakeholder communication.
- **Google Analytics:** Applied Google Analytics to optimize web performance, leading to a 20% increase in user engagement.
- **Blender:** Created 3D models in Blender, enhancing visual elements and improving interaction by 15%.

August 2024 – December 2024

Full-Stack Web & App Development Bootcamp

- August 2024 – December 2024  
Full-Stack Web & App Development Bootcamp
